

# ATBSO NSW NEWSLETTER

**Welcome to the 5<sup>th</sup> Edition of the ATBSO NSW Newsletter from the President's Desk:**

**EFTPOS is finally here!:**

Valued members I have been working hard in the back ground over the past month and can proudly announce that we will be offering EFTPOS at all our monthly tournaments, so if you hate having to bring CASH every month, you are going to love this decision, as well as the convience.

**From the President to my committee and now over to YOU:**

After 3 months of sitting as President I have now had time to go over our Rules & Regulations, as well as our Constitution, and would like to propose a list of changes that will bring us up to the 21<sup>st</sup> century, attached to this Newsletter will be two sheets, one will all the proposed changes I would like to implement, the second is the NEW criteria for Life Members & Hall of Fame (newly introduced). I have gone over all these proposed changes with the committee, we are all in agreeance with the changes, and now I need you the members to approve the changes so they can be implemented.

**We want you!**

With the 2022 ATBSO Nationals remaining in Sydney, at Campbelltown City Bowl, we are asking our lovely members to donate some of their free time to Volunteer, and help the committee run a safe & successful event, if you would love to help us out, please let Glenn Rowland or any of our Tournament committee know next time we have a tournament.

**Let me take this opportunity to introduce you to TEAM NSW for the 2022 Nationals at Campbelltown:**

### **Monthly Tournament Changes:**

Firstly, you will notice on the revised entry form Evelyn sent out this week, you now have the option to CHOOSE which division you wish to compete in, instead of us telling you based on your average.

The Men's Division will go back to two (2) divisions, Open Men (Scratch), Graded Men (Handicap), if you choose the GRADED Division, the handicap system will be based off the HIGHEST averaged bowler competing in that division on the day.

The Ladies at this stage will be one division, and handicap will be applied based off the HIGHEST averaged bowler competing on the day.

### **A Night to CELEBRATE our MEMBERS & their ACHIEVEMENTS:**

Before taking over as President the committee decide it would be nice to put on a Presentation Dinner for all our members, present some AWARDS, have a nice dinner, some light entertainment, and show our valued members how much we APPRECIATE them. At this stage the details of the event are listed below:

Date: November 25<sup>th</sup> 2022

Venue: Camden Lakeside Golf Club

Time, Menu & cost for partners & visitors TBC

**Want more “Bowler Of The Year” points?**

Don't forget **DOUBLE** points are up for grabs at the following monthly tournaments, Gosford, Northern Bowl & **TRIPLE** points for Orange.

**Your FEEDBACK was greatly appreciated:**

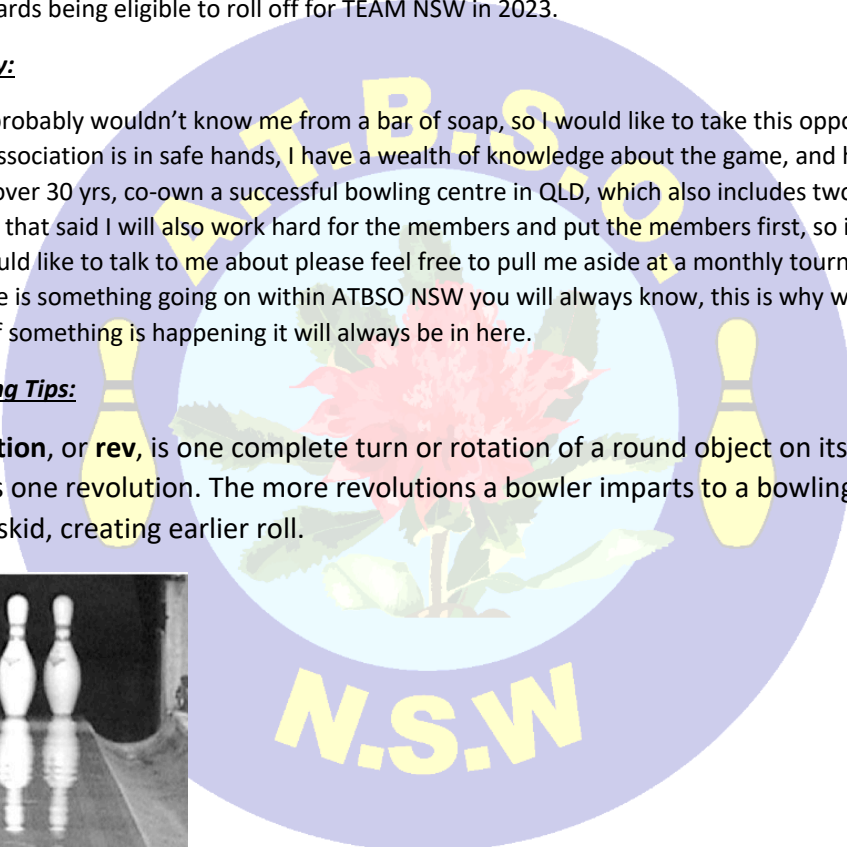

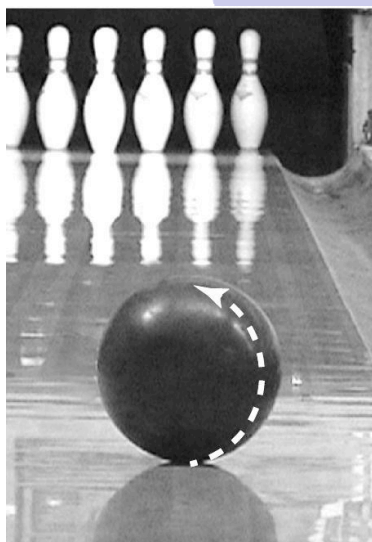

Thank you to everyone that spoke to me or email me back regarding my proposal to bring back our own ATBSO State Championships, I'm pleased to announced that State Championships/Masters will be back as a stand alone tournament, at this stage I am looking at having it in early January, so I wanted to let everyone know well in advance so you can organise your Christmas/New Year holidays, as State Championships will count as a tournament towards being eligible to roll off for TEAM NSW in 2023.

**Open Door Policy:**

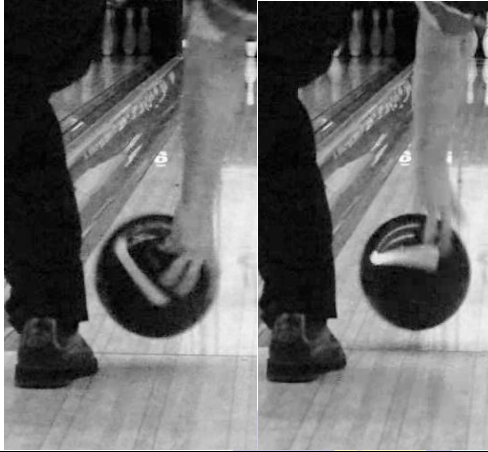

Most members probably wouldn't know me from a bar of soap, so I would like to take this opportunity to let you know your association is in safe hands, I have a wealth of knowledge about the game, and have worked in the industry for over 30 yrs, co-own a successful bowling centre in QLD, which also includes two successful Pro-Shop's. With that said I will also work hard for the members and put the members first, so if there is anything you would like to talk to me about please feel free to pull me aside at a monthly tournament, or send me email, if there is something going on within ATBSO NSW you will always know, this is why we introduced the newsletter, if something is happening it will always be in here.

**Monthly Coaching Tips:**

REV's: A **revolution**, or **rev**, is one complete turn or rotation of a round object on its axis – 360 degrees equals one revolution. The more revolutions a bowler imparts to a bowling ball, decreases the skid, creating earlier roll.

***How Rev's are created:*** There is a direct correlation between the hand position at the point of release and the number of revolutions an athlete may potentially impart to the ball. The further the fingers are under the equator of the ball, the longer the fingers remain in the ball, creating more revolutions.

Hope you enjoyed reading the fifth Edition of our Newsletter, if there is anything you would like to see in our next Newsletter let me know, just send me an email at [glenn@gamf.com.au](mailto:glenn@gamf.com.au)

Good Luck & High Scoring
